4. (i) If a member of the College *in statu pupillari* is charged with an offence which in the opinion of a Tutor or other officer of the College as aforesaid ought to be considered by the Disciplinary Committee or appears to deserve that member’s temporary or final removal from the College, the Tutor or other officer of the College shall proceed to lay the facts before the Disciplinary Committee who shall hear the case.

(ii) The Disciplinary Committee having heard the case shall have power to take such action or impose such penalty as they may think appropriate, provided that there shall be a right of appeal to the Council whose decision shall be final.

   (ii) afford the member an opportunity to appear in person, to offer such defence or to make such statement as that member may think proper and to call and cross-examine witnesses;

   (iii) allow that member to choose and be accompanied by another member of the College who will be permitted to offer advice to, and cross-examine witnesses, and speak on behalf of, the member charged.

1. Application

(a) This Statute applies

(i) to any person holding an office in the College, the duties of which are not of a limited nature, which is a qualifying College Office under Statute XXIII or other office designated for the purpose by the Governing Body;

(ii) to any person employed by the College to carry out teaching or research save for those expressly excluded by the Council from the scope of this Statute on the ground that the person’s duties in that regard are of a limited nature; and

(iii) to the Warden, to the extent and in the manner set out in Part VII.

For the purpose of this Statute, a person’s duties shall be taken to be of a limited nature if the remuneration for those duties is not the principal source of remuneration of that person; and, in relation to any particular person, the Governing Body may resolve that the person’s duties are of a limited nature where the remuneration for those duties would not normally be the principal source of remuneration of the person performing them.

(b) In this Statute any reference to “academic staff” is a reference to persons to whom this Statute applies. A “primary office or employment” in relation to a member of the academic staff means one by virtue of the tenure of which that person is a member of the academic staff. A “secondary office or employment”, in relation to a member of the academic staff, means one (i) which is not a primary office or employment for that member; (ii) in respect of which the duties are of a limited nature only; and (iii) which is either prescribed by Regulation made under this Statute as secondary, or so specified at the time of appointment.
(c) Nothing in any appointment made, or contract entered into, shall be construed as overriding or excluding any provision made by this Statute concerning a member of the academic staff; provided that this

(i) shall not affect the validity of any compromise agreement made under section 203 of the Employment Rights Act 1996, or any agreement or waiver of rights permitted by law generally; and

(ii) shall not preclude any member of the academic staff agreeing to the termination by the College of that office or employment on whatever terms may be agreed.

(d) Parts II to V of this Statute shall not apply to the dismissal of a member of the academic staff from any secondary office or employment, provided that dismissal from a primary office or employment is not in contemplation. The Council shall prescribe by Regulation made under this Statute a procedure for dealing with removal from a secondary office or employment before its prescribed or normal termination date, which shall include provision for a hearing and an appeal.

2. General principles of construction and application

(a) This Statute and any Regulation made under this Statute shall be applied and construed in every case to give effect to the following guiding principles:

(i) to ensure that members of the academic staff have freedom within the law to question and test received wisdom, and to put forward new ideas and controversial or unpopular opinions, without placing themselves in jeopardy of losing their jobs or privileges;

(ii) to enable the College to provide education, to promote learning, and to engage in research efficiently and economically; and

(iii) to apply the principles of justice and fairness.
(b) Nothing in this Statute shall be construed as affecting the Statutes and Regulations of the College concerning re-election on the expiry of a fixed term of a Fellowship.

3. Dismissal

(a) For the purposes of this Statute, “dismiss” and “dismissal” refer to academic staff and:

(i) include remove or, as the case may be, removal from office; and

(ii) in relation to employment under a contract, shall be construed in accordance with Section 96 of the Employment Rights Act 1996.

(b) A member of the academic staff may be dismissed if that dismissal is for a reason set out in section 98 of the Employment Rights Act 1996.

(c) A member of the academic staff may be dismissed

(i) by reason of redundancy in accordance with Part II of this Statute;

(ii) for disciplinary reasons in accordance with Part III of this Statute;

(iii) for incapacity on health grounds in accordance with Part IV of this Statute; and

(iv) on other grounds, including the non-renewal of a fixed-term appointment or the non-confirmation of appointment at the end of an initial probationary period, in accordance with Part V of this Statute.

4. Hearing, appeal and grievance panels

(a) A panel established for the purposes of this Statute shall comprise three persons, none of whom shall have had any involvement with the matter that would make that panel member’s participation as a
member of the panel unfair.

(b) The Council may by Regulation made under this Statute provide rules for the conduct of panels. Such rules may make provision for a panel to continue their consideration of a matter notwithstanding a reduction in their membership.

(c) A panel established for the purposes of this Statute shall conduct a hearing into the matter before them. At any hearing, the member of the academic staff concerned shall be entitled to be accompanied by a representative or another person of that academic staff member’s choosing.

(d) A panel established for the purposes of this Statute shall give a reasoned decision in writing to the member of the academic staff concerned, which shall be reported to the Council.

Part II Redundancy

5. Application

(a) Nothing in this Part shall prejudice, alter or affect any rights, powers or duties of the College or apply in relation to a person unless:

(i) that person’s appointment is made, or that person’s contract of employment is entered into, on or after the twentieth day of November 1987; or

(ii) that person is promoted on or after that date.

(b) For the purposes of this Section in relation to a person, a reference to an appointment made or a contract entered into on or after the twentieth day of November 1987 or to promotion on or after that date shall be construed in accordance with subsections (3) to (6) of section 204 of the Education Reform Act 1988.

6. Definition of “redundancy”

For the purposes of this Statute dismissal shall be taken to be dismissal by reason of redundancy if it is attributable wholly or mainly to:
(i) the fact that the College has ceased, or intends to cease, to carry on the activity for the purposes of which the person concerned was appointed or employed or has ceased, or intends to cease, to carry on that activity in the place in which the person concerned worked; or

(ii) the fact that the requirements of that activity for members of the academic staff to carry out work of a particular kind in that place have ceased or diminished or are expected to cease or diminish.

7. Procedure for dismissal by reason of redundancy

The Council shall prescribe by Regulation made under this Statute a procedure for dismissing members of the academic staff on grounds of redundancy. The procedure shall provide for an initial stage of consultation at the end of which the Council shall resolve whether or not to proceed with a reduction of staff by reason of redundancy. The procedure shall provide, after such resolution,

(i) for a process which is fair and which allows each member of the academic staff concerned, having been informed of the selection criteria to be employed, to make representations on that academic staff member’s behalf;

(ii) for giving each member of the academic staff dismissed under this Part notice of dismissal and for informing that person of the reasons for it.

8. Appeal against dismissal by reason of redundancy

(a) The procedure prescribed under section 7 of this Statute shall provide for an appeal to a panel by a member of the academic staff who has been given notice of dismissal under this Part.

(b) the appeal panel shall be entitled to review all aspects of the matter other than the resolution of the Council to proceed with a reduction of staff by reason of redundancy.

(c) The appeal panel shall have power to reach a final decision on the appeal, or to remit the matter back for further consideration.
Part III Disciplinary Procedures

9. Grounds for disciplinary action

(a) For the purposes of this Statute, “good cause” in relation to the dismissal or removal of a member of the academic staff means a reason which is related to conduct or capability or qualifications for performing work of the kind which the member was appointed or employed to do. Without prejudice to the generality of the foregoing, “good cause” may include the following matters so found under procedures prescribed under this Statute.

(i) conviction for an offence such as to render the person convicted unfit for the performance of the duties of the office or for employment as a member of the academic staff; or

(ii) conduct of an immoral, scandalous, or disgraceful nature incompatible with the duties of the office or employment; or

(iii) conduct constituting failure or persistent refusal or neglect or inability to perform the duties or comply with the conditions of the office or employment; or

(iv) physical or mental incapacity.

(b) In this section:

(i) “capability” means capability assessed by reference to skill, aptitude, health, or any other physical or mental quality; and

(ii) “qualifications” means any degree, diploma, or other academic, technical, or professional qualification relevant to an office or position held.

10. Disciplinary procedures

(a) the Council shall prescribe by Regulation made under this Statute a disciplinary procedure for members of the academic staff, which shall provide for less serious matters to be dealt with by warnings following a procedure which is fair and which provides for a right of appeal against any warning.
(b) The disciplinary procedure shall provide for more serious matters to be dealt with in a way which includes provision for

(i) fair and reasonable time limits for each stage;

(ii) the investigation of complaints and the dismissal of those found to be without substance;

(iii) suspension on full pay pending an investigation or hearing where that is necessary;

(iv) a hearing by a panel, at this the member of the academic staff against whom the complaint has been made shall have had notice of the complaint, and shall be entitled to be present, to hear the evidence, to call relevant witnesses, and to examine and cross-examine witnesses;

(v) the dismissal by the panel of any complaint found to be without substance;

(vi) the dismissal by them without penalty of a complaint found to be of substance;

(vii) the imposition by the panel of an appropriate penalty or penalties, which in addition to a warning or dismissal (with or without notice), may include suspension without pay for up to three months, the withholding of future increments, reduction in grade in any primary office or employment, removal from any secondary office or employment, and the substitution (as an alternative to dismissal, where in the opinion of the panel dismissal would be justified) of any lesser office or employment for any primary office or employment; and

(viii) the award of compensation in respect of any loss caused or damage done.

11. Appeals

(a) A member of the academic staff shall have a right of appeal against the finding of, or penalty imposed by, a panel constituted under
section 10 of this Statute.

(b) Such an appeal shall be to a fresh panel, having no common membership with the panel who heard the matter at first instance. It shall include a hearing by the appeal panel, but that hearing shall not take the form of a re-hearing of the evidence, and evidence shall only be heard as the appeal panel may determine in accordance with any Regulation made under this Statute.

(c) In determining an appeal, an appeal panel may substitute for the decision of the panel hearing the matter at first instance any decision that that panel might have made.

(d) A dismissal by a panel hearing a matter at first instance shall be effective notwithstanding any appeal against such dismissal, unless either that panel, in giving their decision, or an appeal panel thereafter shall determine otherwise (subject to such conditions as the respective panel may impose).

(e) A dismissal or notice of dismissal shall be cancelled, withdrawn or modified if an appeal panel decides that the member of the academic staff should not be dismissed or should only be dismissed with notice. The cancellation of a dismissal shall have effect to reinstate the member of the academic staff as if no dismissal had occurred.

12. Relationship with Part IV

The Council may by Regulation made under this Statute provide for dealing with a case in progress under this Part where it appears that the conduct or capability of the member of the academic staff concerned may be attributable, wholly or in part, to a medical condition, but any proceedings under this Part shall be valid notwithstanding that they might have been brought under Part IV of this Statute, and a member of the academic staff may be subject to proceedings and to a penalty, including dismissal, under this Part notwithstanding the fact that the academic staff member’s conduct or capability may have been attributable, wholly or in part, to a medical condition.
Part IV Incapacity on Health Grounds

13. Dismissal on health grounds

(a) This Part makes provision for dealing with cases of incapacity on health grounds in relation to members of the academic staff.

(b) In this Part references to health grounds are references to capability assessed by reference to health or any other physical or mental quality.

(c) The Council shall prescribe by Regulation made under this Statute a procedure for assessing incapacity on health grounds and for taking appropriate action in relation thereto, which may include dismissal.

(d) That procedure shall include a hearing by a panel and a right of appeal to a fresh panel. The panel hearing the matter at first instance and the appeal panel shall each include a medically qualified person.

Part V Other Dismissals

14. Non-renewal of a fixed-term appointment

(a) The Council shall prescribe by Regulation made under this Statute a procedure, including appropriate consultation, for a review in each case where a member of the academic staff has been appointed to a primary office or employment for a fixed term and that fixed term is due to terminate. The review shall be to decide whether the office or employment should be allowed to terminate without renewal, or should be renewed for a further fixed-term, or should be extended to an appointment of indefinite duration.

(b) The review may encompass matters which, in other circumstances, might fall to be dealt with under Parts II, III or IV of this Statutes.

(c) A decision that an office or employment should be allowed to terminate without renewal shall not be made unless it is judged to be inexpedient or undesirable to renew or extend the appointment by reason of one or more of the following considerations:
(i) the availability of funding for the office or employment, or the financial situation of the College;

(ii) the performance of the member of the academic staff concerned (having regard to any warnings and advice relating to performance that may have been given to such member);

(iii) the need for the office or employment or for the performance of the duties thereof;

(iv) the nature and character of the office or employment; and

(v) the desirability of making the office or employment permanent and filling it through open competition.

(d) The procedure under this section shall provide that, where it has been decided under subsection (a) of this section that an office or employment should be allowed to terminate without renewal, the member of the academic staff shall be notified of the reasons for that decision, and shall be afforded a further review of the matter.

15. Probationary appointments

(a) The Council shall prescribe by Regulation made under this Statute a procedure, including appropriate consultation, for a review in each case where a member of the academic staff has been appointed to a primary office or employment for an initial probationary period and that period is coming to an end. The review shall be to decide whether an appointment to the office or employment should be confirmed, whether the initial probationary period should be extended, or whether the member of the academic staff should be dismissed at the end of the probationary period.

(b) The review may encompass matters which, in other circumstances, might fall to be dealt with under Parts II, III or IV of this statute.

(c) The procedure under this section shall provide that, where it has been decided under subsection (a) of this section that dismissal should take place at the end of a probationary period, the member of the academic staff shall be notified of the reasons for that decision, and shall be afforded a further review of the matter.
16. Dismissal on other grounds

The Council shall prescribe by Regulation made under this Statute a procedure for dealing with dismissal on any other ground than those covered by Parts II, III, IV and sections 16 and 17 of Part V of this Statute. The procedure shall include the right to a hearing by a panel and a right of appeal to a fresh panel.

Part VI Grievance Procedures

17. Grievance Procedure

(a) the Council shall prescribe by Regulation made under this Statute a grievance procedure for the settlement or redress of the grievances of members of the academic staff which concern their offices or employments, where those grievances relate to matters affecting themselves as individuals or to matters affecting their personal dealings or relationships with other staff of the College, not being matters for which express provision is made elsewhere in the Statutes.

(b) The grievance procedure shall provide that consideration of a grievance may be deferred if other proceedings under the Statutes relevant to the grievance are pending or in progress.

(c) The grievance procedure shall provide for the fair and speedy resolution of grievances, informally wherever possible, and shall provide for the person aggrieved to be allowed assistance by an appropriate person at any hearing.

(d) The grievance procedure shall provide for a member of the academic staff who is dissatisfied with the outcome of a complaint to be heard by a panel, unless the complaint has been judged, in accordance with the procedure, as trivial, vexatious or outside the scope of the procedure.
Part VII Removal of the Warden from office

18. Removal of the Warden from office

(a) The Council shall prescribe by Regulation made under this Statute a procedure for the removal of the Warden from office. Any variation made to that procedure shall have no effect in relation to the Warden in office at the time of such variation until consent to it has been given by the Warden, but such variation shall otherwise be binding and effectual.

(b) The procedure for the removal of the Warden from office shall provide for

(i) the initial consideration by the Council (exclusive of the Warden and the complainant Fellows) of a complaint by any three Fellows seeking the removal of the Warden from office for good cause;

(ii) the dismissal by the Council of such complaint if they are of the view that it is not supported by sufficient evidence of good cause for removal from office;

(iii) otherwise, the appointment by the Council of a panel to hear and determine the matter, which panel shall comprise three persons who are not Fellows and are not employed by the College, one of whom holds, or has held, judicial office, or who is a barrister or solicitor of at least ten years’ standing, that person to be chairman of the panel;

(iv) the removal of the Warden from office if the panel decide that there is good cause for such removal;

(v) a right of appeal to a fresh panel, also constituted in accordance with (iii) above, against a decision of removal from office; and

(vi) where the complaint is of incapacity on health grounds, the inclusion on the panel hearing the matter at first instance and on any appeal panel of a medically qualified person.
