## WINE LIST 2025

The attached list is a selection from our wine cellars and represents specially chosen wines from the main wine-producing areas of the world. Our Catering Manager and Events Team will be pleased to advise you on your selection.

***Please check our current stock levels before finally choosing your wines.***

We do not recommend that you show your wine choices if printing your own menus as we may have to substitute an alternative wine if your numbers increase. We can print a separate wine menu for your tables on request.

The prices quoted on this list show prices exclusive and inclusive of VAT at 20% and will be subject to change if the rate of VAT changes. The prices quoted are for current stocks and replacements might incur slight increases in price in some cases.
